Your registration is being processed. Each agent will receive an email with instructions on activating their account. (Please check your junk/spam folder)

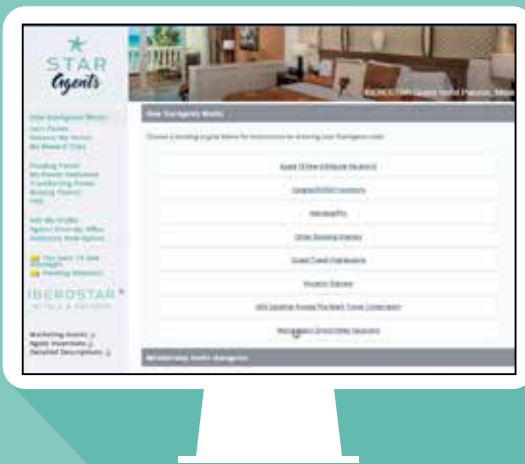

Once approved, Iberostar will send each agent an email containing their personal StarAgents code and password.

Approved agents can access the Iberostar StarAgents Rewards Program at [usa.staragents.com](http://usa.staragents.com) by entering their StarAgents code and password. It's that easy to start earning points toward valuable trips and rewards.

On the site, agents will be able to check point balances and pending points, plan for future trips and redeem points for stays at Iberostar Hotels & Resorts in Mexico, Jamaica and the Dominican Republic.

Keep in mind, this is not a booking engine. Go to How StarAgents Works to see how to add your StarAgents code to your preferred tour operator's booking engine.

During your normal booking procedure, you must include your StarAgents code, with a hashtag symbol (#) at the beginning and end. Your points are automatically added to your account.
